

Are you an entrepreneurial engineer with design flair?

Our **Industrial Design Studentships** provide graduates in engineering and science with **funding up to £45,000** to study for a **master's in Industrial Design** with the objective of stimulating industrial design capability amongst the country's most able **science and engineering graduates**.

"Receiving support from 1851 was an incredible privilege, allowing me to pursue my education and be a part of an invaluable network of highly inspirational people."

Nell Bennett, Director, Team Turquoise.
'Pitch at the Palace' People's Choice Award 2015.

"One of the things I really like about engineering is that it can have a very big impact on the world — it's great to have that as a driver and a motivator. You spend the majority of your time at work so you might as well do something that you're passionate about and that you love."

Yusuf Muhammad, Co Founder and Director, Plumis Ltd.
Innovator of the Year in the Growing Business Awards.

"Thanks @royalcom1851 @born2engineer for all the support and enabling so many people to do brilliant things!"

Adrian Westaway, Principal, Special Projects. Inventor Magic Light.
